CHARLES DICKENS. 'The Posthumous Papers of The Pickwick Club,' first edition, rebound in full leather, ex libris 'Vigilantibus' to pastedown, graphite notes to first endpaper, toning to illustrations, Chapman and Hall, 1837.

The full leather bind is rubbed in places, mostly to edges, text block is tight with no loose leaves, forty-three illustrations complete, plates toned as is the norm, gilt edge to textblock vibrant, graphite notes to margin sporadically throughout, remnants of tape to rear board, good.
